

Theme: 9. DRIVING ON A HIGHWAY AND MOTOR ROAD

points		№	Question, answers	Figure
2		9/1	<p>This road sign designates: a highway a motor road a road for passenger cars only</p>	
2		9/2	<p>This road sign designates: a motor road a highway a road for passenger cars only a mandatory road for passenger cars only</p>	
2		9/4.	<p>The motorway is a road: Which does not cross roads, railway and tramway lines and pedestrian crossings on the same level Of which the beginning is marked with the appropriate road sign Of which the end is marked with the appropriate road sign On which the movement is carried out without speed limit</p>	
2		9/5.	<p>A highway is a road: in which special rules apply to the traffic intended for movement with higher speeds the movement on which is carried out without any speed limits</p>	
2		9/6.	<p>The motorway is a road: Which does not serve directly adjacent territories With two separate unidirectional lanes for movement Which does not intercept with other roads on the same level In which the movement is allowed only to automobiles</p>	
2		9/7.	<p>Motor road is designed for movement of: vehicles motorcycles motor vehicles with the exception of the self-propelled machines motor vehicles with the exception of the mopeds</p>	
2		9/8.0	<p>When there are no other restrictions, the driver of motor vehicle of category B when driving on a motorway must not exceed: 140 km/h 100 km/h 110 km/h 120 km/h</p>	
2		9/9.0	<p>When there are no other restrictions, the driver of a composition of motor vehicles of category BE, when driving on a motorway must not exceed: 100 km/h 110 km/h 120 km/h 130 km/h</p>	
		9/9.1	<p>When there are no other restrictions, the driver of a composition of motor vehicles of category BE,</p>	

			when driving on a speed road must not exceed: 90 km/h 100 km/h 110 km/h 120 km/h	
2		9/10	When there are no other restrictions, to the driver of a passenger car, while driving on a motor road outside a populated area, is prohibited to drive with a speed higher than: 90 km / h 130 km / h 120 km / h 100 km / h	
		9/10.1	When there are no other restrictions, the driver of motor vehicle of category B, when driving on a speed road must not exceed: 120 km/h 110 km/h 100 km/h 130 km/h	
2		9/11	When there are no other restrictions, the driver of a motorcycle, while driving on a highway, must not exceed: 100 km / h 110 km / h 120 km / h 130 km / h	
2		9/12	When there are no other restrictions, to the driver of a motorcycle, while driving on a motor road outside a populated area, is prohibited to drive with a speed higher than: 80 km / h 120 km / h 100 km / h 90 km / h	
		9/12.1	When there are no other restrictions, the driver of motor vehicle of category A, when driving on a speed road must not exceed: 90 km/h 100 km/h 110 km/h 120 km/h	
2		9/13.0.	While entering a highway, the driver is obliged to give way to the vehicles moving on it: in all cases only if there is a priority road sign only when they are moving at high speed	
2		9/13.1	While entering a highway, are you obliged to give way to the vehicles moving on it: yes, in all cases yes, but only if there is a priority road sign no	

		9/13.2	<p>When entering into a speed road, the driver shall be obliged to let through the vehicles which run on it:</p> <p>In all cases</p> <p>Only when a road sign for provision of priority is placed</p> <p>Only when they are moving at high speed</p>	
2		9/14.0	<p>In this situation, right of way belongs to the driver of:</p> <p>the vehicle, moving on the highway</p> <p>the right vehicle that enters the motorway</p> <p>the vehicle that moves with higher speed</p>	
2		9/14.1	<p>In this situation, right of way belongs to the driver of:</p> <p>the red passenger car, because it is moving on the highway</p> <p>the red passenger car, because it is not changing its direction of movement</p> <p>the blue passenger car, because it is located on the right side of the red passenger car</p> <p>the blue passenger car because it is entering the highway</p>	
2		9/15.0	<p>In this situation right priority of way belongs to the driver of:</p> <p>the red passenger car</p> <p>the blue passenger car</p>	
2		9/15.1	<p>In this situation:</p> <p>the red car has right of way because it is moving on the highway</p> <p>the blue car that is entering the highway should give way to the red car</p> <p>the blue car has right of way because it is located on the right</p> <p>the red car has right of way because it is not changing its direction of movement</p>	
2		9/16	<p>Entering a highway is prohibited:</p> <p>when towing a motor vehicle with a flexible link</p> <p>when, due to a damage, the motor vehicle cannot move with a speed higher than 50 km / h</p> <p>for transport of animals</p> <p>for towing with a stiff link</p>	
2		9/17	<p>What should you undertake, if during driving on a highway, damage occurs in the vehicle and it cannot move with a speed higher than 50 km / h?</p> <p>I must leave the highway at the nearest authorized place</p> <p>I may continue driving on the lane for emergency stopping</p> <p>I am obliged to stop on the lane for emergency stopping</p>	
2		9/18	<p>When the one-way road of the highway has two road lanes for movement in one direction, the movement in the left road lane is allowed:</p> <p>if the right lane is occupied</p> <p>while overtaking</p> <p>whenever the road lane is free</p> <p>only if it is allowed to drive with a speed above 90 km/ h.</p>	

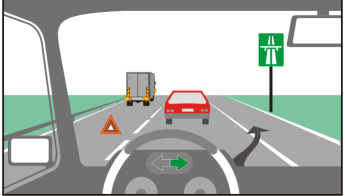

2	9/19.	<p>In this situation, the location of the vehicle on the driveway is:</p> <p>correct incorrect</p>	
2	9/20.	<p>In this situation, the location of the vehicle on the driveway is:</p> <p>incorrect correct</p>	
2	9/21	<p>In this situation:</p> <p>if I cannot overtake the red passenger car, I must go into the right lane</p> <p>I can keep driving on the left lane, without overtaking the red car</p> <p>I can use the road lane which is most convenient for me</p>	
2	9/22.0	<p>Which of the vehicles is violating the traffic rules on a highway?</p> <p>both vehicles the passenger car only the truck only</p>	
2	9/22.1	<p>In this situation, which of the vehicles is violating the traffic rules on a highway?</p> <p>the passenger car only the truck only both vehicles</p>	
2	9/23	<p>In this situation, the driver of the truck is not violating the rules, if:</p> <p>he has stopped due to damage he has stopped for a stay he is moving with a speed not higher than 30 km / h. he has parked</p>	
2	9/24.0	<p>Which of the vehicles is violating the traffic rules on the highway?</p> <p>all the three vehicles the tractor only the truck only the passenger car only</p>	
2	9/25	<p>On a highway with three road lanes for moving in one direction, the driver of a composition of road vehicles with length over 7 m is:</p> <p>allowed to drive in the rightmost road lane allowed to drive in the middle road lane prohibited to drive in the leftmost lane allowed to enter the leftmost lane when overtaking</p>	
2	9/26	<p>The moving of the following vehicles is prohibited on a highway:</p> <p>vehicles with a maximum design speed less than 50 km</p>	

			<p>/ h</p> <p>motorcycles with a maximum design speed less than 50 km / h</p> <p>special vehicles</p> <p>vehicles with a load of over 10 tons</p>	
2		9/27	<p>The moving of the following vehicles is prohibited on a motor road:</p> <p>vehicles with a maximum design speed less than 50 km / h</p> <p>motorcycles with a maximum design speed less than 50 km / h</p> <p>mopeds</p> <p>passenger cars with trailers</p>	
		9/27.1	<p>On a speed road is prohibited the movement of:</p> <p>Automobiles with a constructive maximal speed of less than 50 km/h</p> <p>Motorcycles with a constructive maximal speed of less than 50 km/h</p> <p>Mopeds</p> <p>Articulated road vehicles</p>	
		9/27.2	<p>On a speed road is prohibited:</p> <p>Driving of vehicles with advertising purposes</p> <p>Carrying out of technical tests of automobiles</p> <p>Movement of advertising and other processions.</p> <p>Movement of automobiles with load over 10 t</p>	
2		9/28	<p>The moving of the following vehicles is prohibited on a motor road:</p> <p>vehicles with a maximum design speed less than 50 km/h</p> <p>motorcycles with a maximum design speed less than 50 km/h</p> <p>articulated road vehicles</p> <p>vehicles with a load of over 10 tons</p>	
2		9/29	<p>The moving of the following vehicles is prohibited on a motor road:</p> <p>vehicles with a maximum design speed less than 50 km / h</p> <p>tractors</p> <p>vehicles with a load of over 10 tons</p> <p>vehicles transporting live animals</p>	
2		9/30	<p>The moving of the following vehicles is prohibited on a highway:</p> <p>mopeds</p> <p>tractors</p> <p>passenger cars with trailers</p> <p>bicycles</p>	
2		9/31	<p>The moving of the following vehicles is prohibited on a motor road:</p> <p>mopeds</p> <p>tractors</p> <p>passenger cars with trailers</p> <p>bicycles</p>	
2		9/32.0	<p>The moving of the following vehicles is prohibited on a highway:</p> <p>mopeds</p>	

			tractors articulated road vehicles motorcycles with sidecars	
2		9/32.1	The moving of the following vehicles is prohibited on a highway: mopeds tractors motorcycles with sidecar vehicles transporting live animals	
2		9/33	Vehicles and motorcycles are allowed to move on a highway if their maximum design speed is higher than: 50 km / h 30 km / h 40 km / h 45 km / h	
2		9/34	Motor vehicles are not allowed to move on a motor road if their maximum design speed is lower than: 50 km / h 55 km / h 60 km / h	
2		9/35	The moving backwards on a highway is: prohibited in all cases permitted only in the lane for emergency stopping allowed without restrictions allowed only at night	
2		9/36	The following is prohibited on a highway: moving backwards making a U-turn the movement of motorcycles without sidecars repair of motor vehicles in the lane for emergency stopping	
2		9/37	Is a driver who has passed by a road intersection with exits from the highway allowed to move backwards on the lane for emergency stop? no yes, in all cases yes, if the distance is less than 100 m yes, if the hazard warning lights are switched on	
2		9/38	On the highway, crossing into the oncoming driveway is: prohibited allowed in the places where the dividing line between the driveways is dashed allowed wherever possible, if it does not impede the oncoming road vehicles	
2		9/39	Making U-turns when driving on a highway is: prohibited in all cases permitted during daytime only allowed, but the driver must continue his movement into the lane for emergency stop allowed for exiting the highway	

2		9/40	<p>In this situation, on the highway:</p> <p>the driver of the passenger car is prohibited to cross the dividing line</p> <p>the driver of the passenger car can cross the dividing line when there are no other vehicles on the other driveway</p> <p>the passenger car driver must give way to the truck</p> <p>the passenger car driver has right of way over the truck</p>	
2		9/43	<p>When driving on a highway, the driver is prohibited:</p> <p>to park in the lane for emergency stopping</p> <p>to stop for a stay in the lane for emergency stopping</p> <p>to drive in the lane for emergency stopping</p> <p>to stop for elimination of the fault in the vehicle, if a fault has occurred during the movement</p>	
2		9/44	<p>When driving on a motor road, the driver is prohibited:</p> <p>to stop for parking outside the designated areas</p> <p>to stop for a stay outside the designated areas for parking</p> <p>to stop for elimination of the fault occurred in the vehicle</p> <p>to drive with a trailer</p>	
2		9/45	<p>On a motor road, stopping for a stay is allowed:</p> <p>in specially designated parking spaces only</p> <p>at the rightmost part of the driveway</p> <p>outside the driveway only</p> <p>at the rightmost of the roadway</p>	
2		9/46	<p>On a motor road the parking is allowed:</p> <p>in specially designated places only</p> <p>at the rightmost of the driveway</p> <p>outside the driveway only</p> <p>at the rightmost of the roadway</p>	
2		9/47	<p>When driving on a highway, the driver is prohibited:</p> <p>to stop for stay outside the places designated for parking</p> <p>to enter in the dividing line</p> <p>to cross the dividing line, including places where it is dashed</p> <p>to drive with a trailer</p>	
2		9/48	<p>When driving on a highway the driver is prohibited:</p> <p>to make a U-turn</p> <p>to enter the dividing line or cross it, including places where it is dashed</p> <p>to move in the lane for emergency stop</p> <p>to tow damaged motor vehicles with stiff link</p>	
2		9/49.0	<p>When driving on a motor road, the driver is prohibited:</p> <p>to enter the dividing line or cross it, including places where it is dashed</p> <p>to make a U-turn</p> <p>to move backwards</p> <p>to stop for elimination the fault occurred in the vehicle</p>	
2		9/49.1	<p>When driving on a motor road, the driver is prohibited:</p> <p>to stop for stay outside the designated places for parking</p> <p>to enter the dividing line or cross it, including places</p>	

			<p>where it is dashed to make a U-turn to tow damaged vehicles with stiff link</p>	
2		9/49.2	<p>When driving on a motor road the driver is prohibited: to enter the dividing line or cross it, including places where it is dashed to make a U-turn to move backwards to tow damaged vehicles with stiff link</p>	
2		9/49.3	<p>When driving on a speed road, the driver is prohibited: To stop the vehicle for a stay outside the places specially marked for it To enter the dividing strip or cross it, including at places where it is interrupted To make U-turns To draw a damaged motor vehicle by solid connection</p>	
2		9/50	<p>Is it allowed on a highway to use the lane for emergency stopping for towing of damaged road vehicle? no yes, when tow with a flexible link yes, but only at night yes, but when tow with a stiff link</p>	
2		9/51	<p>When towing on a highway using a stiff link, the permissible maximum speed of driving is: 70 km / h 30 km / h 40 km / h 50 km / h</p>	
2		9/51.1	<p>In case of drawing by solid connection on a speed road the permitted maximal driving speed is: 70 km/h 30 km/h 40 km/h 50 km/h</p>	
2		9/52	<p>The towing with a flexible link on a motor road is: allowed only for towing to the nearest place for leaving the road allowed without restrictions prohibited in all cases prohibited only at night</p>	
2		9/52.1	<p>Drawing by flexible connection on a speed road is: Only allowed for towing to the nearest place for exiting the road Allowed without restrictions Prohibited in all cases Prohibited only in the dark hours of the day</p>	
2		9/53	<p>The highway's lane for emergency stopping is allowed to use: for stopping in case of damage occurred during the movement for moving of slow-moving vehicles for moving when towing damaged vehicles</p>	

			for parking	
2		9/54	<p>On a highway, the movement in the lane for emergency stopping is:</p> <p>prohibited</p> <p>allowed without restrictions</p> <p>permitted only for motor vehicles moving at speeds less than 30 km / h</p>	
2		9/55	<p>In this situation, if the passenger car is moving slowly, is it allowed to use the lane for emergency stop?</p> <p>no</p> <p>yes</p>	
2		9/56	<p>In which cases a vehicle which has stopped in the highway's lane for emergency stopping should be mandatorily signalized?</p> <p>at night</p> <p>in reduced visibility</p> <p>always</p> <p>in restricted visibility</p>	
2		9/56.1	<p>In which cases the automobile, stopped on the site for compulsory stop on a speed road, shall be indicated obligatory?</p> <p>During the night</p> <p>In case of a bad visibility</p> <p>Always</p> <p>In case of a limited visibility</p>	
2		9/57	<p>At what distance behind a motor vehicle which has emergency stopped on a highway should the light-reflecting warning triangle be placed?</p> <p>not less than 100 m</p> <p>not less than 30 m</p> <p>not less than 50m</p> <p>not less than 70 m</p>	
2		9/57.1	<p>In which of the ways is signaled an automobile stopped on the site for the compulsory stop on a speed road, during the night and in case of a reduced visibility?</p> <p>With a warning light reflecting triangle</p> <p>With switched on emergency lights</p> <p>With switched on long lights</p>
